Dear Dave;

Here it is, I hope that this does the job and I hope that it is not too long. If it is, please feel free to cut. One way that it can be cut would be to eliminate naming all Council members and advisers. However, I thought it important to establish the identity of the Council in the Bulletin. I think these lists are impressive, and that they can help to allay fears that the Council is elitist and, as some have charged, "dangerous."

Again, please do not hesitate to give me a call if you spot any areas which you think might need further thought.

I have sent a copy to Gene together with a brief biography and an informal 8 x 10 black and white glossy.

Best regards,

William B. Arthur
