STATE BUDGET. STATE AND LOCAL GOVERNMENT. California Proposition 31 (2012).
http://repository.uchastings.edu/ca_ballot_props/1310

This Proposition is brought to you for free and open access by the California Ballot Propositions and Initiatives at UC Hastings Scholarship Repository. It has been accepted for inclusion in Propositions by an authorized administrator of UC Hastings Scholarship Repository. For more information, please contact marcusc@uchastings.edu.
OFFICIAL TITLE AND SUMMARY

STATE BUDGET. STATE AND LOCAL GOVERNMENT. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE.

• Establishes two-year state budget cycle.
• Prohibits Legislature from creating expenditures of more than $25 million unless offsetting revenues or spending cuts are identified.
• Permits Governor to cut budget unilaterally during declared fiscal emergencies if Legislature fails to act.
• Requires performance reviews of all state programs.
• Requires performance goals in state and local budgets.
• Requires publication of bills at least three days prior to legislative vote.
• Allows local governments to alter how laws governing state-funded programs apply to them, unless Legislature or state agency vetoes change within 60 days.

Summary of Legislative Analyst’s Estimate of Net State and Local Government Fiscal Impact:
• Decreased state sales tax revenues of about $200 million annually, with a corresponding increase of funding to certain local governments.
• Other, potentially more significant changes in state and local spending and revenues, the magnitude of which would depend on future decisions by public officials.

ANALYSIS BY THE LEGISLATIVE ANALYST

OVERVIEW

This measure changes certain responsibilities of local governments, the Legislature, and the Governor. It also changes some aspects of state and local government operations. Figure 1 summarizes the measure’s main provisions, each of which are discussed in more detail below.

AUTHORIZES AND FUNDS LOCAL GOVERNMENT PLANS

Proposal

Allows Local Governments to Develop New Plans. Under this measure, counties and other local governments (such as cities, school districts, community college districts, and special districts) could create plans for coordinating how they provide services to the public. The plans could address how local governments deliver services in many areas, including economic development, education, social services, public safety, and public health. Each plan would have to be approved by the governing boards of the (1) county, (2) school districts serving a majority of the county’s students, and (3) other local governments representing a majority of the county’s population. Local agencies would receive some funding from the state to implement the plans (as described below).

Allows Local Governments to Alter Administration of State-Funded Programs. If local governments find that a state law or regulation restricts their ability to carry out their plan, they could develop local procedures that are “functionally equivalent” to the objectives of the existing state law or regulation. Local governments could follow
these local procedures—instead of state laws or regulations—in administering state programs financed with state funds. The Legislature (in the case of state laws) or the relevant state department (in the case of state regulations) would have an opportunity to reject these alternate local procedures. The locally developed procedures would expire after four years unless renewed through the same process.

**Allows Transfer of Local Property Taxes.** California taxpayers pay about $50 billion in property taxes to local governments annually. State law governs how property taxes are divided among local government entities in each county. This measure allows local governments participating in plans to transfer property taxes allocated to them among themselves in any way that they choose. Each local government affected would have to approve the change with a two-thirds vote of its governing board.

**Shifts Some State Sales Tax Revenues to Local Governments.** Currently, the average sales tax rate in the state is just over 8 percent. This raised $42.2 billion in 2009–10, with the revenues allocated roughly equally to the state and local governments. Beginning in the 2013–14 fiscal year, the measure would shift a small part of the state’s portion to counties that implement the new plans. This would not change sales taxes paid by taxpayers. The shift would increase revenues of the participating local governments in counties with plans by a total of about $200 million annually in the near term. The state government would lose a corresponding amount, which would no longer be available to fund state programs. The sales taxes would be allocated to participating counties based on their population. The measure requires a local plan to provide for the distribution of these and any other funds intended to support implementation of the local plan.

### Figure 1

**Major Provisions of Proposition 31**

- **Authorizes and Funds Local Government Plans**
  - Transfers some state revenues to counties in which local governments implement plans to coordinate their public services.
  - Allows these local governments to develop their own procedures for administering state-funded programs.
  - Allows these local governments to transfer local property taxes among themselves.

- **Restricts Legislature’s Ability to Pass Certain Bills**
  - Restricts the Legislature’s ability to pass certain bills that increase state costs or decrease revenues unless new funding sources and/or spending reductions are identified.
    - Exempts various types of bills from the above requirement.
  - Requires almost all bills and amendments to be available to the public at least three days before legislative approval.

- **Expands Governor’s Ability to Reduce State Spending**
  - Allows the Governor to reduce spending during state fiscal emergencies in certain situations.

- **Changes Public Budgeting and Oversight Procedures**
  - Changes the annual state budget process to a two-year state budget process.
  - Requires the Legislature to set aside part of each two-year session for legislative oversight of public programs.
  - Requires state and local governments to evaluate the effectiveness of programs and describe how their budgets meet various objectives.
Fiscal Effects

In addition to the shift of the $200 million described earlier, there would be other fiscal effects on state and local governments. For example, allowing local governments to develop their own procedures for administering state-funded programs could lead to potentially different program outcomes and state or local costs than would have occurred otherwise. Allowing local governments to transfer property taxes could affect how much money goes to a given local government, but would not change the total amount paid by property taxpayers. Local governments also likely would spend small additional amounts to create and administer their new plans. The changes that would result from this part of the measure depend on (1) how many counties create plans, (2) how many local governments alter the way they administer state-funded programs, and (3) the results of their activities. For those reasons, the net fiscal effect of this measure for the state and local governments cannot be predicted. In some counties, these effects could be significant.

RESTRIC TS LEGISLATURE’S ABILITY TO PASS CERTAIN BILLS

Current Law

Budget and Other Bills. Each year, the Legislature and the Governor approve the state budget bill and other bills. The budget bill allows for spending from the General Fund and many other state accounts. (The General Fund is the state’s main operating account that provides funding to education, health, social services, prisons, and other programs.) In general, a majority vote of both houses of the Legislature (the Senate and the Assembly) is required for the approval of the budget bill and most other bills. A two-thirds vote in both houses, however, is required to increase state taxes.

As part of their usual process for considering new laws, the Legislature and Governor review estimates of each proposed law’s effects on state spending and revenues. While the State Constitution does not mandate that the state identify how each new law would be financed, it requires that the state’s overall budget be balanced. Specifically, every year when the state adopts its budget, the state must show that estimated General Fund revenues will meet or exceed approved General Fund spending.

Proposal

Restricts Legislature’s Ability to Increase State Costs. This measure requires the Legislature to show how some bills that increase state spending by more than $25 million in any fiscal year would be paid for with spending reductions, revenue increases, or a combination of both. The requirement applies to bills that create new state departments or programs, expand current state departments or programs, or create state-mandated local programs. Exemptions from these requirements include bills that allow one-time spending for a state department or program, increase funding for a department or program due to increases in workload or the cost of living, provide funding required by federal law, or increase the pay or other compensation of state employees pursuant to a
collective bargaining agreement. The measure also exempts bills that restore funding to state programs reduced to help balance the state budget in any year after 2008–09.

**Restricts Legislature’s Ability to Decrease State Revenues.** This measure also requires the Legislature to show how bills that decrease state taxes or other revenues by more than $25 million in any fiscal year would be paid for with spending reductions, revenue increases, or a combination of both.

**Changes When Legislature Can Pass Bills.** This measure makes other changes that could affect when the Legislature could pass bills. For example, the measure requires the Legislature to make bills and amendments to those bills available to the public for at least three days before voting to pass them (except certain bills responding to a natural disaster or terrorist attack).

**Fiscal Effects**

This measure would make it more difficult for the Legislature to pass some bills that increase state spending or decrease revenues. Restricting the Legislature’s ability in this way could result in state funds spent on public services being less—or taxes and fees being more—than otherwise would be the case. Because the fiscal effect of this part of the measure depends on future decisions by the Legislature, the effect cannot be predicted, but it could be significant over time. Because the state provides significant funding to local governments, they also could be affected over time.

**Expands Governor’s Ability to Reduce State Spending**

**Current Law**

Under Proposition 58 (2004), after the budget bill is approved, the Governor may declare a state fiscal emergency if he or she determines the state is facing large revenue shortfalls or spending overruns. When a fiscal emergency is declared, the Governor must call the Legislature into special session and propose actions to address the fiscal emergency. The Legislature has 45 days to consider its response. The Governor’s powers to cut state spending, however, currently are very limited even if the Legislature does not act during that 45-day period.

**Proposal**

**Allows Governor to Reduce Spending in Certain Situations.** Under this measure, if the Legislature does not pass legislation to address a fiscal emergency within 45 days, the Governor could reduce some General Fund spending. The Governor could not reduce spending that is required by the Constitution or federal law—such as most school spending, debt service, pension contributions, and some spending for health and social services programs. (These categories currently account for a majority of General Fund spending.) The total amount of the reductions could not exceed the amount necessary to balance the budget. The Legislature could override all or part of the reductions by a two-thirds vote in both of its houses.
Fiscal Effects
Expanding the Governor’s ability to reduce spending could result in overall state spending being lower than it would have been otherwise. The fiscal effect of this change cannot be predicted, but could be significant in some years. Local government budgets also could be affected by lower state spending.

Changes Public Budgeting and Oversight Procedures

Proposal

Changes Annual State Budget Process to a Two-Year Process. This measure changes the state budget process from a one-year (annual) process to a two-year (biennial) process. Every two years beginning in 2015, the Governor would submit a budget proposal for the following two fiscal years. For example, in January 2015 the Governor would propose a budget for the fiscal year beginning in July 2015 and the fiscal year beginning in July 2016. Every two years beginning in 2016, the Governor could submit a proposed budget update. The measure does not change the Legislature’s current constitutional deadline of June 15 for passing a budget bill.

Sets Aside Specific Time Period for Legislative Oversight of Public Programs. Currently, the Legislature oversees and reviews the activities of state and local programs at various times throughout its two-year session. This measure requires the Legislature to reserve a part of its two-year session—beginning in July of the second year of the session—for oversight and review of public programs. Specifically, the measure requires the Legislature to create a process and use it to review every state-funded program—whether managed by the state or local governments—at least once every five years. While conducting this oversight, the Legislature could not pass bills except for those that (1) take effect immediately (which generally require a two-thirds vote of both houses) or (2) override a Governor’s veto (which also require a two-thirds vote of both houses).

Imposes New State and Local Budgeting Requirements. Currently, state and local governments have broad flexibility in determining how to evaluate operations of their public programs. This measure imposes some general requirements for state and local governments to include new items in their budgets. Specifically, governments would have to evaluate the effectiveness of their programs and describe how their budgets meet various objectives. State and local governments would have to report on their progress in meeting those objectives.

Fiscal Effects
State and local governments would experience increased costs to set up systems to implement the new budgeting requirements and to administer the new evaluation requirements. These costs would vary based on how state and local officials implemented the requirements. Statewide, the costs would likely
range from **millions to tens of millions of dollars annually**, moderating over time. These new budgeting and evaluation requirements could affect decision making in a variety of ways—such as, reprioritization of spending, program efficiencies, and additional investments in some program areas. The fiscal impact on governments cannot be predicted.

**SUMMARY OF MEASURE’S FISCAL EFFECTS**

As summarized in Figure 2, the measure would shift some state sales tax revenues to counties that implement local plans. This shift would result in a decrease in state revenues of $200 million annually, with a corresponding increase of funding to local governments in those counties. The net effects of this measure’s other state and local fiscal changes generally would depend on future decisions by public officials and, therefore, are difficult to predict. Over the long term, these other changes in state and local spending or revenues could be more significant than the $200 million shift of sales tax revenues discussed above.

In good times and bad, California has long had a state budget deficit, with politicians spending more money than state government brings in—much of it lost to waste, abuse and over-borrowing. Budgets are often based on the influence of special interests rather than the outcomes Californians want to achieve. Proposition 31 forces state politicians to finally live within their means, and it gives voters and taxpayers critical information to hold politicians accountable.

The non-partisan state auditor reported in an audit of several state agencies between 2003 and 2010 that the state could have saved taxpayers approximately $1.2 billion had the auditor’s own proposals to reform operations and improve efficiency been enacted. The recent effort to create a unified Court Case Management System cost taxpayers more than $500 million, more than $200 million over budget, to connect just 7 of 58 counties before being abandoned.

Proposition 31 requires state governments to make available the proposed state budget for public review for a minimum of three days before lawmakers vote on it.

Proposition 31 does not raise taxes, increase costs to taxpayers or set up any new government bureaucracy. Proposition 31 could be better used for local schools, law enforcement and millions of dollars every year will continue to be wasted that could be better used for local schools, law enforcement and other community priorities.

Proposition 31 does not raise taxes, increase costs to taxpayers or set up any new government bureaucracy. Proposition 31 makes clear that its provisions should be implemented with existing resources—and it will generate savings by returning tax dollars to cities and counties.

Yes on 31 will:

- **INCREASE PUBLIC INPUT AND TRANSPARENCY**—Stops the state from passing budgets without public review. Currently, the state budget has no real transparency or public reporting requirements. Proposition 31 requires state government to make available the proposed state budget for public review for a minimum of three days before lawmakers vote on it.

- **REQUIRE A TWO-YEAR STATE BUDGET**—Prevents politicians from passing short-term budget gimmicks. Requires lawmakers to develop long-term fiscal solutions.

- **REQUIRE PERFORMANCE REVIEWS OF STATE GOVERNMENT PROGRAMS**—Requires all state government programs to be publicly reviewed for performance to identify ways to improve results—or shift their funding to more efficient and effective programs.

- **IMPOSE FISCAL OVERSIGHT AND CONSTRAINTS ON NEW GOVERNMENT SPENDING**—Proposition 31 prohibits the state from funding any new expenditure or decreasing revenues of more than $25 million without first identifying a funding source.

- **INCREASE LOCAL CONTROL AND FLEXIBILITY**—The 2012 state budget took $1.4 billion away from local government. Proposition 31 returns up to $200 million to local government to be used for local priorities. It provides cities, counties, and school districts more flexibility and authority to design services that improve results and meet local needs.

- **REQUIRE PERFORMANCE AND RESULTS IN BUDGETS**—Requires state and local governments to focus budgets on achievement of measurable results, and provides accountability by requiring the state legislature and local governments to issue regular public performance reports, and evaluate the effectiveness of programs before additional spending decisions are made.

- **REQUIRE PERFORMANCE REVIEWS OF STATE GOVERNMENT PROGRAMS**—Requires all state government programs to be publicly reviewed for performance to identify ways to improve results—or shift their funding to more efficient and effective programs.

**HON. CRUZ REYNOSO**
California Supreme Court Justice (Retired)

**HON. DELAINE A. EASTIN**
Former Superintendent of Public Instruction

**PROF. JAMES FISHKIN, Ph.D.**
Stanford University

**REBUTTAL TO ARGUMENT IN FAVOR OF PROPOSITION 31**

**PROPOSITION 31 WON’T BALANCE THE BUDGET, INCREASE PUBLIC INPUT OR IMPROVE PERFORMANCE.**

- If Proposition 31 actually did what its argument promises, we would support it. But it doesn’t. Instead it adds complicated new rules, restrictions and requirements, inserted into California’s Constitution. It makes government more cumbersome, more expensive, slower, and less effective. The provisions are so confusing and ambiguous that it will take years of lawsuits for the courts to sort out what it means.

- **PROPOSITION 31 WILL INCREASE COSTS, INCREASE BUREAUCRATIC CONTROL, AND UNDERMINE PUBLIC PROTECTIONS.**

- It allows local politicians to override or alter laws they don’t like, undermining protections for air quality, public health, worker safety WITHOUT A VOTE OF THE PEOPLE.

- **PROPOSITION 31 WILL MAKE IT ALMOST IMPOSSIBLE TO CUT TAXES OR INCREASE FUNDING FOR EDUCATION.**

- It prohibits tax cuts unless other taxes are raised or programs cut, and prevents increases in funding for schools unless taxes are raised or other programs cut.

**PROPOSITION 31 HAS SO MANY FLAWS THAT SEVERAL MEMBERS OF THE SPONSORING ORGANIZATION RESIGNED IN PROTEST OVER THE DECISION TO SUBMIT IT TO VOTERS.**

- Bob Balgenorth, a former board member of California Forward Action Fund, the organization behind Proposition 31 said it “contains serious flaws . . . and will further harm California.”

- In his letter of resignation he said that he was “disappointed that California Forward submitted signatures to the Secretary of State without correcting the flaws in the initiative.”

**WE CAN’T AFFORD ANOTHER FLAWED INITIATIVE. VOTE NO ON PROPOSITION 31.**

**ANTHONY WRIGHT,** Executive Director
Health Access California

**LACY BARNES,** Senior Vice President
California Federation of Teachers

**LENNY GOLDBERG,** Executive Director
California Tax Reform Association
Proposition 31 is so poorly written and contradictory that it will lead to lawsuits and confusion, not reform.

We all want reform, but instead Proposition 31 adds bureaucracy and creates new problems. It adds layer upon layer of restrictions and poorly defined requirements, leaving key decisions up to unelected bureaucrats, decisions such as whether tax cuts are allowed or programs can be changed—decisions that will be challenged in court year after year. We need real reform not more lawsuits.

Proposition 31 will shift $200 million from education and other vital functions to fund experimental county programs.

The state can barely pay its bills now. And the majority of the state’s budget goes to education. Yet this measure transfers $200 million per year from state revenues into a special account to pay for experimental county programs. This is not the time to gamble with money that should be spent on our highest priorities.

Proposition 31 will prevent the state from increasing funding for education unless it raises taxes or cuts other programs—even if the money is available.

As strange as it seems, Proposition 31 actually prevents the state from adopting improvements to programs like education or increasing funding to schools even if it has the money to do so, unless it raises taxes or cuts other programs. This provision could tie up additional funding for schools for years.

Proposition 31 prevents the state from cutting taxes unless it raises other taxes or cuts other programs—even if the state is running a budget surplus.

The contradictory nature of these tax provisions would prohibit the state from cutting one tax unless it raises another, even when there is a budget surplus—either this was intended to prevent the state from cutting your taxes or is another case—a serious case—of careless drafting. And, Proposition 31 locks this into the State Constitution.

Proposition 31 threatens our public health, water quality and public safety by allowing counties to override or alter critical state laws.

California has adopted statewide standards to protect public health, prevent contamination of air and water and provide for the safety of its citizens. Proposition 31 contains a provision that allows local politicians to alter or override these laws without a vote of the people, and without an effective way to prevent abuse.

Proposition 31 will cost tens of millions of dollars per year for additional government process and bureaucracy—to do what government is already supposed to do.

Performance-based budgeting is more of a slogan than anything else. It’s been tried many times before. The one thing we know it will do is raise costs. The official fiscal analysis by the non-partisan Legislative Analyst’s Office says it will raise the costs of government by tens of millions of dollars per year for new budgeting practices, with no guarantee any improvement will result. Certain costs, uncertain results.

We all want reform, but Proposition 31 will make things worse, not better.

Join us in voting NO on Proposition 31.

Sarah Rose, Chief Executive Officer
California League of Conservation Voters
Joshua Pechthalt, President
California Federation of Teachers
Ron Cottingham, President
Peace Officers Research Association of California

“Proposition 31 creates greater transparency, public review, and oversight over state and local government. This government accountability measure will protect environmental safeguards and worker protections while making sure taxpayers aren’t taken advantage of by special interests and lobbying groups.”

—Hon. Cruz Reynoso, California Supreme Court Justice (Retired)

“It’s time to shine a light on California’s budget process—no more multi-billion dollar deficit surprises. We need reforms that will work, not business as usual.”

—Professor James Fishkin, Stanford University

“Proposition 31 will lessen the state temptation to borrow and spend. Prop. 31 provides incentives to local governments and community schools to focus on improving education and increasing public safety. YES on Proposition 31 is a yes for California schools and students.”

—Hon. Delaine Eastin, Former State Superintendent of Public Instruction

YES on Proposition 31 will:

• Not raise taxes or require increased government spending.
• Prevent state government from spending money we don’t have.
• Add transparency to a budget process currently prepared behind closed doors.
• Shift more control and flexibility from Sacramento to cities and counties.
• Require state and local governments to publicly report results before spending more money.

Please review the measure for yourself at www.sos.ca.gov and help prevent further waste in government spending.

Proposition 31 meets the highest standards of constitutional change requirements. The measure is well written, legally sound, and will clearly improve the budget process and governance of California.

Bill Hauck, Former Chairman
California Constitution Revision Commission
paragraph shall be deemed to be established and imposed under Section 17041 of the Revenue and Taxation Code.

(D) This paragraph shall become inoperative on December 1, 2019.

(3) For any taxable year beginning on or after January 1, 2012, and before January 1, 2019, with respect to the tax imposed pursuant to Section 17041 of the Revenue and Taxation Code, the income tax bracket and the rate of 9.3 percent set forth in paragraph (1) of subdivision (c) of Section 17041 of the Revenue and Taxation Code shall be modified by each of the following:

(A) (i) For that portion of taxable income that is over three hundred forty thousand dollars ($340,000) but not over four hundred eighty thousand dollars ($408,000), the tax rate is 10.3 percent of the excess over three hundred forty thousand dollars ($340,000).

(ii) For that portion of taxable income that is over four hundred eighty thousand dollars ($408,000) but not over six hundred eighty thousand dollars ($680,000), the tax rate is 11.3 percent of the excess over four hundred eighty thousand dollars ($408,000).

(iii) For that portion of taxable income that is over six hundred eighty thousand dollars ($680,000), the tax rate is 12.3 percent of the excess over six hundred eighty thousand dollars ($680,000).

(B) The income tax brackets specified in clauses (i), (ii), and (iii) of subparagraph (A) shall be recomputed, as otherwise provided in subdivision (h) of Section 17041 of the Revenue and Taxation Code, only for taxable years beginning on and after January 1, 2013.

(C) (i) For purposes of subdivision (g) of Section 19136 of the Revenue and Taxation Code, this paragraph shall be considered to be chaptered on the date it becomes effective.

(ii) For purposes of Part 10 (commencing with Section 17001) of, and Part 10.2 (commencing with Section 18401) of, Division 2 of the Revenue and Taxation Code, the modified tax brackets and tax rates established and imposed by this paragraph shall be deemed to be established and imposed under Section 17041 of the Revenue and Taxation Code.

(D) This paragraph shall become inoperative on December 1, 2019.

(g) (1) The Controller, pursuant to his or her statutory authority, may perform audits of expenditures from the Local Revenue Fund 2011 and any County Local Revenue Fund 2011, and shall audit the Education Protection Account to ensure that those funds are used and accounted for in a manner consistent with this section.

(2) The Attorney General or local district attorney shall expeditiously investigate, and may seek civil or criminal penalties for, any misuse of moneys from the County Local Revenue Fund 2011 or the Education Protection Account.

SEC. 5. Effective Date.

Subdivision (b) of Section 36 of Article XIII of the California Constitution, as added by this measure, shall be operative as of July 1, 2011. Paragraphs (2) and (3) of subdivision (f) of Section 36 of Article XIII of the California Constitution, as added by this measure, shall be operative as of January 1, 2012. All other provisions of this measure shall become operative the day after the election in which it is approved by a majority of the voters voting on the measure provided.

In the event that this measure and another measure that imposes an incremental increase in the tax rates for personal income shall appear on the same statewide ballot, the provisions of the other measure or measures shall be deemed to be in conflict with this measure. In the event that this measure receives a greater number of affirmative votes than a measure deemed to be in conflict with it, the provisions of this measure shall prevail in their entirety, and the other measure or measures shall be null and void.

SEC. 7. This measure provides funding for school districts and community college districts in an amount that equals or exceeds that which would have been provided if the revenues deposited pursuant to Sections 6051.15 and 6201.15 of the Revenue and Taxation Code pursuant to Chapter 43 of the Statutes of 2011 had been considered “General Fund revenues” or “General Fund proceeds of taxes” for purposes of Section 8 of Article XVI of the California Constitution.

PROPOSITION 31

This initiative measure is submitted to the people of California in accordance with the provisions of Section 8 of Article II of the California Constitution.

This initiative measure amends and adds sections to the California Constitution and adds sections to the Education Code and the Government Code; therefore, existing provisions proposed to be deleted are printed in strikeout type and new provisions proposed to be added are printed in italic type to indicate that they are new.

PROPOSED LAW

The Government Performance and Accountability Act

SECTION 1. Findings and Declarations.

The people of the State of California hereby find and declare that government must be:

1. Trustworthy. California government has lost the confidence of its citizens and is not meeting the needs of Californians. Taxpayers are entitled to a higher return on their investment and the public deserves better results from government services.

2. Accountable for Results. To restore trust, government at all levels must be accountable for results. The people are entitled to know how tax dollars are being spent and how well government is performing. State and local government agencies must set measurable outcomes for all expenditures and regularly and publicly report progress toward those outcomes.

3. Cost-Effective. California must invest its scarce public resources wisely to be competitive in the global economy. Vital public services must therefore be delivered with increasing effectiveness and efficiency.

4. Transparent. It is essential that the public’s business be public. Honesty and openness promote and preserve the integrity of democracy and the relationship between the people and their government.
5. Focused on Results. To improve results, public agencies need a clear and shared understanding of public purpose. With this measure, the people declare that the purpose of state and local governments is to promote a prosperous economy, a quality environment, and community equity. These purposes are advanced by achieving at least the following goals: increasing employment, improving education, decreasing poverty, decreasing crime, and improving health.

6. Cooperative. To make every dollar count, public agencies must work together to reduce bureaucracy, eliminate duplication, and resolve conflicts. They must integrate services and adopt strategies that have been proven to work and can make a difference in the lives of Californians.

7. Closer to the People. Many governmental services are best provided at the local level, where public officials know their communities and residents have access to elected officials. Local governments need the flexibility to tailor programs to the needs of their communities.

8. Supportive of Regional Job Generation. California is composed of regional economies. Many components of economic vitality are best addressed at the regional scale. The State is obliged to enable and encourage local governments to collaborate regionally to enhance the ability to attract capital investment into regional economies to generate well-paying jobs.

9. Willing to Listen. Public participation is essential to ensure a vibrant and responsive democracy and a responsive and accountable government. When government listens, more people are willing to take an active role in their communities and their government.

10. Thrifty and Prudent. State and local governments today spend hundreds of millions of dollars on budget processes that do not tell the public what is being accomplished. Those same funds can be better used to develop budgets that link dollars to goals and communicate progress toward those goals, which is a primary purpose of public budgets.

SEC. 2. Purpose and Intent

In enacting this measure, the people of the State of California intend to:

1. Improve results and accountability to taxpayers and the public by improving the budget process for the state and local governments with existing resources.

2. Make state government more efficient, effective, and transparent through a state budget process that does the following:

   a. Focuses budget decisions on what programs are trying to accomplish and whether progress is being made.
   
   b. Requires the development of a two-year budget and a review of every program at least once every five years to make sure money is well spent over time.
   
   c. Requires major new programs and tax cuts to have clearly identified funding sources before they are enacted.
   
   d. Requires legislation—including the Budget Act—to be public for three days before lawmakers can vote on it.
   
   e. Move government closer to the people by enabling and encouraging local governments to work together to save money, improve results, and restore accountability to the public through the following:

   f. Ensuring that state and local governments are not required to achieve goals by the same year they are set.
   
   g. Requiring local governments to report their progress annually and evaluate their efforts every four years as a condition of continued flexibility—thus restoring accountability to the public.
   
   h. Requiring local governments to develop Action Plans.

3. Granting counties, cities, and schools the authority to develop, through a public process, a Community Strategic Action Plan for advancing community priorities that they cannot achieve by themselves.

4. Encouraging local governments to collaborate to achieve goals more effectively addressed at a regional scale.

5. Providing some state funds as an incentive to local governments to develop Action Plans.

6. Requiring local governments to report their progress annually and evaluate their efforts every four years as a condition of continued flexibility—thus restoring accountability to the public.

7. Requiring local governments to develop Action Plans.

8. Encouraging local governments to collaborate to achieve goals more effectively addressed at a regional scale.

9. Providing some state funds as an incentive to local governments to develop Action Plans.

10. Requiring local governments to report their progress annually and evaluate their efforts every four years as a condition of continued flexibility—thus restoring accountability to the public.

SEC. 3. Section 8 of Article IV of the California Constitution is amended to read:

SEC. 8. (a) At regular sessions no bill other than the budget bill may be heard or acted on by committee or either house until the 31st day after the bill is introduced unless the house dispenses with this requirement by rollover vote entered in the journal, three fourths of the membership concurring.

(b) The Legislature may make no law except by statute and may enact no statute except by bill. No bill may be passed unless it is read by title on 3 days in each house except that the house may dispense with this requirement by rollover vote entered in the journal, two thirds of the membership concurring.

No bill other than a bill containing an emergency clause that is passed in a special session called by the Governor to address a state of emergency declared by the Governor arising out of a natural disaster or a terrorist attack may be passed until the bill with amendments has been printed in print and distributed to the members and available to the public for at least 3 days. No bill may be passed unless, by rollover vote entered in the journal, a majority of the membership of each house concurs.

(c) (1) Except as provided in paragraphs (2) and (3) of this subdivision, a statute enacted at a regular session shall go into effect on January 1 next following a 90-day period from the date of enactment of the statute and a statute enacted at a special session shall go into effect on the 91st day after adjournment of the special session at which the bill was passed.
(2) A statute, other than a statute establishing or changing boundaries of any legislative, congressional, or other election district, enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, shall go into effect on January 1 next following the enactment date of the statute unless, before January 1, a copy of a referendum petition affecting the statute is submitted to the Attorney General pursuant to subdivision (d) of Section 10 of Article IV of the California Constitution, to read:

SEC. 9.5. A bill passed by the Legislature that (1) establishes a new state program, including a state-mandated local program described in Section 6 of Article XIII B, or a new agency, or expands the scope of such an existing state program or agency, the effect of which would, if funded, be a net increase in state costs in excess of twenty-five million dollars ($25,000,000) in that fiscal year or in any succeeding fiscal year, or (2) reduces a state tax or other source of state revenue, the effect of which will be a net decrease in State revenue in excess of twenty-five million dollars ($25,000,000) in that fiscal year or in any succeeding fiscal year, is void unless offsetting state program reductions or additional revenue, or a combination thereof, are provided in the bill or another bill in an amount that equals or exceeds the net increase in state costs or net decrease in state revenue. The twenty-five-million-dollar ($25,000,000) threshold specified in this section shall be adjusted annually for inflation pursuant to the California Consumer Price Index.

SEC. 10. (a) Each bill passed by the Legislature shall be presented to the Governor. It becomes a statute if it is signed by the Governor. The Governor may veto it by returning it with any objections to the house of origin, which shall enter the objections in the journal and proceed to reconsider it. If each house then passes the bill by rollcall vote entered in the journal, two-thirds of the membership concurring, it becomes a statute.

(b) (1) Any bill, other than a bill which would establish or change boundaries of any legislative, congressional, or other election district, passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, that is not returned within 30 days after that date becomes a statute.

(2) Any bill passed by the Legislature before June 30 of the second calendar year of the biennium of the legislative session and in the possession of the Governor after that date becomes a statute. In addition, any bill passed by the Legislature before September 1 of the second calendar year of the biennium of the legislative session and in the possession of the Governor after that date is not returned within 30 days after that date becomes a statute.

(3) Any other bill presented to the Governor that is not returned within 12 days becomes a statute.

(4) If the Legislature by adjournment of a special session prevents the return of a bill with the veto message, the bill becomes a statute unless the Governor vetoes the bill within 12 days after it is presented by depositing it and the veto message in the office of the Secretary of State.

(5) If the 12th day of the period within which the Governor is required to perform an act pursuant to paragraph (3) or (4) of this subdivision is a Saturday, Sunday, or holiday, the period is extended to the next day that is not a Saturday, Sunday, or holiday.

(c) (1) Any bill introduced during the first year of the biennium of the legislative session that has not been passed by the house of origin by January 31 of the second calendar year of the biennium may no longer be acted on by the house. No bill may be passed by either house on or after September 1 of an even-numbered year. June 30 of the second year of the biennium, or September 1 of an odd-numbered year, may no longer be acted on by the house. No bill may be passed by either house on or after September 1 of an even-numbered year. June 30 of the second year of the biennium, or September 1 of an odd-numbered year.

(2) No bill may be introduced or considered in the second year of the biennium that is substantially the same and has the same effect as any introduced or amended version of a measure that did not pass the house of origin by January 31 of the second calendar year of the biennium as required in paragraph (1).

(d) (1) The Legislature may not present any bill to the Governor after November 15 of the second calendar year of the biennium of the legislative session. On the first Monday following July 4 of the second year of the biennium, the Legislature shall convene, as part of its regular session, to conduct program oversight and review. The Legislature shall establish an oversight process for evaluating and improving the performance of programs undertaken by the State or by local agencies implementing state-funded programs on behalf of the State based on performance standards set forth in statute and in the biennial Budget Act. Within one year of the effective date of this provision, a review schedule shall be established for all state programs whether managed by a state or local agency implementing state-funded programs on behalf of the State. The schedule shall sequence the review of similar programs so that relationships among program objectives can be identified and reviewed. The review process shall result in recommendations.
in the form of proposed legislation that improves or terminates programs. Each program shall be reviewed at least once every five years.

(2) The process established for program oversight under paragraph (1) shall also include a review of Community Strategic Action Plans adopted pursuant to Article XI A for the purpose of determining whether any state statutes or regulations that have been identified by the participating local government agencies as state obstacles to improving results should be amended or repealed as requested by the participating local government agencies based on a review of at least three years of experience with the Community Strategic Action Plans. The review shall assess whether the Action Plans have improved the delivery and effectiveness of services in all parts of the community identified in the plan.

(e) The Governor may reduce or eliminate one or more items of appropriation while approving other portions of a bill. The Governor shall append to the bill a statement of the items reduced or eliminated with the reasons for the action. The Governor shall transmit to the house originating the bill a copy of the statement and reasons. Items reduced or eliminated shall be separately reconsidered and may be passed over the Governor’s veto in the same manner as bills.

(f) If, following the enactment of the budget bill for the 2004–05 fiscal year or any subsequent fiscal year, the Governor determines that, for that fiscal year, General Fund revenues will decline substantially below the estimate of General Fund revenues upon which the budget bill for that fiscal year, as enacted, was based, or General Fund expenditures will increase substantially above that estimate of General Fund revenues, or both, the Governor may issue a proclamation declaring a fiscal emergency and shall thereupon cause the Legislature to assemble in special session for this purpose. The proclamation shall identify the nature of the fiscal emergency and shall be submitted by the Governor to the Legislature, accompanied by proposed legislation to address the fiscal emergency. In response to the Governor’s proclamation, the Legislature may present to the Governor a bill or bills to address the fiscal emergency.

(2) If the Legislature fails to pass and send to the Governor a bill or bills to address the fiscal emergency by the 45th day following the issuance of the proclamation, the Legislature may not act on any other bill, nor may the Legislature adjourn for a joint recess, until that bill or those bills have been passed and sent to the Governor.

(3) A bill addressing the fiscal emergency declared pursuant to this section shall contain a statement to that effect. For purposes of paragraphs (2) and (4), the inclusion of this statement shall be deemed to mean conclusively that the bill addresses the fiscal emergency. A bill addressing the fiscal emergency declared pursuant to this section that contains a statement to that effect, and is passed and sent to the Governor by the 45th day following the issuance of the proclamation declaring the fiscal emergency, shall take effect immediately upon enactment.

(4) (A) If the Legislature has not passed and sent to the Governor a bill or bills to address a fiscal emergency by the 45th day following the issuance of the proclamation declaring the fiscal emergency, the Governor may, by executive order, reduce or eliminate any existing General Fund appropriation for that fiscal year to the extent the appropriation is not otherwise required by this Constitution or by federal law. The total amount of appropriations reduced or eliminated by the Governor shall be limited to the amount necessary to cause General Fund expenditures for the fiscal year in question not to exceed the most recent estimate of General Fund revenues made pursuant to paragraph (1).

(B) If the Legislature is in session, it may, within 20 days after the Governor issues an executive order pursuant to subparagraph (A), override all or part of the executive order by a rollcall vote entered in the journal, two-thirds of the membership of each house concurred. If the Legislature is not in session when the Governor issues the executive order, the Legislature shall have 30 days to reconvene and override all or part of the executive order by resolution by the vote indicated above. An executive order or a part thereof that is not overridden by the Legislature shall take effect the day after the period to override the executive order has expired. Subsequent to the 45th day following the issuance of the proclamation declaring the fiscal emergency, the prohibition set forth in paragraph (2) shall cease to apply when (i) one or more executive orders issued pursuant to this paragraph have taken effect, or (ii) the Legislature has passed and sent to the Governor a bill or bills to address the fiscal emergency.

(C) A bill to restore balance to the budget pursuant to subparagraph (B) may be passed in each house by rollcall vote entered in the journal, a majority of the membership concurring, to take effect immediately upon being signed by the Governor or upon a date specified in the legislation, provided, however, that any bill that imposes a new tax or increases an existing tax must be passed by a two-thirds vote of the Members of each house of the Legislature.

SEC. 6. Section 12 of Article IV of the California Constitution is amended to read:

SEC. 12. (a) (1) Within the first 10 days of each odd-numbered calendar year, the Governor shall submit to the Legislature, with an explanatory message, a budget for the ensuing two fiscal year years, containing itemized statements for recommended state expenditures and estimated total state revenues resources available to meet those expenditures. The itemized statement of estimated total state resources available to meet recommended expenditures submitted pursuant to this subdivision shall identify the amount, if any, of those resources that are anticipated to be one-time resources. The two-year budget, which shall include a budget for the budget year and a budget for the succeeding fiscal year, shall be known collectively as the biennial budget. Within the first 10 days of each even-numbered year, the Governor may submit a supplemental budget to amend or augment the enacted biennial budget.

(b) The biennial budget shall contain all of the following elements to improve performance and accountability:

(1) An estimate of the total resources available for the expenditures recommended for the budget year and the succeeding fiscal year.

(2) A projection of anticipated expenditures and anticipated...
revenues for the three fiscal years following the fiscal year succeeding the budget year.

(3) A statement of how the budget will promote the purposes of achieving a prosperous economy, quality environment, and community equity, by working to achieve at least the following goals: increasing employment; improving education; decreasing poverty; decreasing crime; and improving health.

(4) A description of the outcome measures that will be used to assess progress and report results to the public and of the performance standards for state agencies and programs.

(5) A statement of the outcome measures for each major expenditure of state government for which public resources are proposed to be appropriated in the budget and their relationship to the overall purposes and goals set forth in paragraph (3).

(6) A statement of how the State will align its expenditure and investment of public resources with that of other government entities that implement state functions and programs on behalf of the State to achieve the purposes and goals set forth in paragraph (3).

(7) A public report on progress in achieving the purposes and goals set forth in paragraph (3) and an evaluation of the effectiveness in achieving the purposes and goals according to the outcome measures set forth in the preceding year’s budget.

(c) If, for the budget year and the succeeding fiscal year, collectively, recommended expenditures exceed estimated revenues, the Governor shall recommend reductions in expenditures or the sources from which the additional revenues should be provided, or both. To the extent practical, the recommendations shall include an analysis of the long-term impact that expenditure reductions or additional revenues would have on the state economy. Along with the biennial budget, the Governor shall submit to the Legislature any legislation required to implement appropriations contained in the biennial budget, together with a five-year capital infrastructure and strategic growth plan, as specified by statute.

(d) If the Governor’s budget proposes to (1) establish a new state program, including a state-mandated local program described in Section 6 of Article XIII B, or a new agency, or expand the scope of an existing state program or agency, the effect of which would, if funded, be a net increase in state costs in excess of twenty-five million dollars ($25,000,000) in that fiscal year or in any succeeding fiscal year, or (2) reduce a state tax or other source of state revenue, the effect of which will be a net decrease in state revenue in excess of twenty-five million dollars ($25,000,000) in that fiscal year or any succeeding fiscal year, the budget shall propose offsetting state program reductions or additional revenue, or a combination thereof, in an amount that equals or exceeds the net increase in state costs or net decrease in state revenue. The twenty-five-million-dollar ($25,000,000) threshold specified in this subdivision shall annually be adjusted for inflation pursuant to the California Consumer Price Index.

(e) The Governor and the Governor-elect may require a state agency, officer or employee to furnish whatever information is deemed necessary to prepare the biennial budget and any supplemental budget.

(f) The biennial budget and any supplemental budget shall be accompanied by a budget bill itemizing recommended expenditures for the budget year and the succeeding fiscal year. A supplemental budget bill shall be accompanied by a bill proposing the supplemental budget.

(2) The budget bill and other bills providing for appropriations related to the budget bill or a supplemental budget bill, as submitted by the Governor, shall be introduced immediately in each house by the persons chairing the committees that consider the budget.

(3) On or before May 1 of each year, after the appropriate committees of each house of the Legislature have considered the budget bill, each house shall refer the budget bill to a joint committee of the Legislature, which may include a conference committee, which shall review the budget bill and other bills providing for appropriations related to the budget bill and report its recommendations to each house no later than June 1 of each year. This shall not preclude the referral of any of these bills to policy committees in addition to a joint committee.

(g) The Legislature shall pass the budget bill and other bills providing for appropriations related to the budget bill by midnight on June 15 of each year. Appropriations made in the budget bill, or in other bills providing for appropriations related to the budget bill, for the succeeding fiscal year shall not be expended in the budget year.

(h) Until the budget bill has been enacted, the Legislature shall not send to the Governor for consideration any bill appropriating funds for expenditure during the fiscal year or the succeeding fiscal year for which the budget bill is to be enacted, except emergency bills recommended by the Governor or appropriations for the salaries and expenses of the Legislature.

(i) No bill except the budget bill or the supplemental budget bill may contain more than one item of appropriation, and that for one certain, expressed purpose. Appropriations from the General Fund of the State, except appropriations for the public schools and appropriations in the budget bill, the supplemental budget bill, and in other bills providing for appropriations related to the budget bill, are void unless passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring.

(j) Notwithstanding any other provision of law or of this Constitution, the budget bill, the supplemental budget bill, and other bills providing for appropriations related to the budget bill may be passed in each house by rollcall vote entered in the journal, a majority of the membership concurring, to take effect immediately upon being signed by the Governor or upon a date specified in the legislation. Nothing in this subdivision shall affect the vote requirement for appropriations for the public schools contained in subdivision (j) of this section and in subdivision (b) of Section 8 of this article.

(k) For purposes of this section, “other bills providing for appropriations related to the budget bill or a supplemental budget bill” shall consist only of bills identified as related to the budget in the budget bill or in the supplemental budget bill passed by the Legislature.

(l) For purposes of this section, “budget bill” shall mean the bill or bills containing the budget for the budget year and the succeeding fiscal year.
The Legislature may control the submission, approval, and enforcement of budgets and the filing of claims for all state agencies.

For the 2004–05 fiscal year, or any subsequent fiscal year, the Legislature may not send to the Governor for consideration, nor may the Governor sign into law, a budget bill for the budget year or for the succeeding fiscal year that would appropriate from the General Fund, for that fiscal year estimated as of the date of the budget bill’s passage, and the amount of any General Fund moneys transferred to the Budget Stabilization Account for that fiscal year pursuant to Section 20 of Article XVI, exceeds General Fund revenues, transfers, and balances available from the prior fiscal year for that fiscal year estimated as of the date of the budget bill’s passage. That the estimate of General Fund revenues, transfers, and balances shall be set forth in the budget bill passed by the Legislature. The budget bill passed by the Legislature shall also contain a statement of the total General Fund obligations described in this subdivision for each fiscal year of the biennial budget, together with an explanation of the basis for the estimate of General Fund revenues, including an explanation of the amount by which the Legislature projects General Fund revenues for that fiscal year to differ from General Fund revenues for the immediately preceding fiscal year.

Notwithstanding any other provision of law or of this Constitution, including subdivision (e) (f) of this section, Section 4 of this article, and Sections 4 and 8 of Article III, in any year in which the budget bill is not passed by the Legislature by midnight on June 15, there shall be no appropriation from the current budget or future budget to pay any salary or reimbursement for travel or living expenses forfeited pursuant to this subdivision for Members of the Legislature during any regular or special session for the period from midnight on June 15 until the day that the budget bill is presented to the Governor. No salary or reimbursement for travel or living expenses forfeited pursuant to this subdivision shall be paid retroactively.

SEC. 7. Article XI A is added to the California Constitution, to read:

ARTICLE XI A
COMMUNITY STRATEGIC ACTION PLANS

SECTION 1. (a) Californians expect and require that local government entities publicly explain the purpose of expenditures and whether progress is being made toward achieving the goals established by the local government entity pursuant to paragraph (1).

(1) A statement of the outcome measurement for each major expenditure of government for which public resources are appropriated in the budget and the relationship to the overall goals established by the local government entity pursuant to paragraph (1).

(2) A statement that (A) outlines how the Action Plan will achieve the purposes and goals set forth in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1 of this article, (B) describes the public services that will be delivered pursuant to the Action Plan and the roles and responsibilities of the participating entities, (C) explains why those services will be delivered more effectively and efficiently pursuant to the Action Plan, (D) provides for an allocation of resources to support the plan, including funds that may be received from the Performance and Accountability Trust Fund, (E) considers disparities within communities served by the Action Plan, and (F) explains how the Action Plan is consistent with the budgets adopted by the participating local government entities.

(3) The outcomes desired by the participating local government entities and how those outcomes will be measured.

(4) A method for regularly reporting outcomes to the public and to the State.

Text of Proposed Laws | 89
(c) (1) The Action Plan shall be submitted to the governing bodies of each of the participating local government entities within the county. To ensure a minimum level of collaboration, the Action Plan must be approved by the county, local government entities providing municipal services pursuant to the Action Plan, and one or more school districts serving at least a majority of the public school pupils in the county.

(2) The approval of the Action Plan, or an amendment to the Action Plan, by a local government entity, including the county, shall require a majority vote of the membership of the governing body of that entity. The Action Plan shall not apply to any local government entity that does not approve the Action Plan as provided in this paragraph.

(d) Once an Action Plan is adopted, a county may enter into contracts that identify and assign the duties and obligations of each of the participating entities, provided that such contracts are necessary for implementation of the Action Plan and are approved by a majority vote of the governing body of each local government entity that is a party to the contract.

(e) Local government entities that have adopted an Action Plan pursuant to this section and have satisfied the requirements of Section 3 of this article, if applicable, may integrate state or local funds that are allocated to them for the purpose of providing the services identified by the Action Plan in a manner that will advance the goals of the Action Plan.

Sec. 4. (a) Any funds allocated to school districts pursuant to an Action Plan must be paid for from a revenue source other than the Performance and Accountability Trust Fund, and may be paid from any other source as determined by the entities participating in the Action Plan. The allocation received by any school district pursuant to an Action Plan shall not be considered General Fund proceeds of taxes or allocated local proceeds of taxes for purposes of Section 8 of Article XVI.

(b) Any authority granted pursuant to this section shall continue to expire four years after the effective date, unless renewed pursuant to this section.

Sec. 5. A county that has adopted an Action Plan pursuant to Section 2 of this article shall evaluate the effectiveness of the Action Plan at least once every four years. The evaluation process shall include an opportunity for public comments, and for those comments to be included in the final report. The evaluation shall be used by the participating entities to improve the Action Plan and by the public to assess the performance of its government. The evaluation shall include a review of the extent to which the Action Plan has achieved the purposes and goals set forth in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1, including: improving the outcomes among the participating entities in the delivery and effectiveness of the applicable governmental services; progress toward reducing community disparities; and whether the individuals or community members receiving those services were represented in the development and implementation of the Action Plan.

Sec. 6. (a) The State shall consider how it can help local government entities deliver services more effectively and efficiently through an Action Plan adopted pursuant to Section 2. Consistent with this goal, the State or any department...
or agency thereof may enter into contracts with one or more local government entities that are participants in an Action Plan to perform any function that the contracting parties determine can be more efficiently and effectively performed at the local level. Any contract made pursuant to this section shall conform to the Action Plan adopted pursuant to the requirements of Section 2.

(b) The State shall consider and determine how it can support, through financial and regulatory incentives, efforts by local government entities and representatives of the public to work together to address challenges and to resolve problems that local government entities have voluntarily and collaboratively determined are best addressed at the geographic scale of a region in order to advance a prosperous economy, quality environment, and community equity. The State shall promote the vitality and global competitiveness of regional economies and foster greater collaboration among local governments within regions by providing priority consideration for state-administered funds for infrastructure and human services, as applicable, to those participating local government entities that have voluntarily developed a regional collaborative plan and are making progress toward the purposes and goals of their plan, which shall incorporate the goals and purposes set forth in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1.

Sec. 7. Nothing in this article is intended to abrogate or supersede any existing authority enjoyed by local government entities, nor to discourage or prohibit local government entities from developing and participating in regional programs and plans designed to improve the delivery and efficiency of government services.

Sec. 8. For purposes of this article, the term “local government entity” shall mean a county, city, city and county, and any other local government entity, including school districts, county offices of education, and community college districts.

Sec. 8. Section 29 of Article XIII of the California Constitution is amended to read:

Sec. 29. (a) The Legislature may authorize counties, cities and counties, and cities to enter into contracts to apportion between them the revenue derived from any sales or use tax imposed by them that is collected for them by the State. Before the contract becomes operative, it shall be authorized by a majority of those voting on the question in each jurisdiction at a general or direct primary election.

(b) Notwithstanding subdivision (a), on and after the operative date of this subdivision, counties, cities and counties, and cities, may enter into contracts to apportion between them the revenue derived from any sales or use tax imposed by them pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or any successor provisions, that is collected for them by the State, if the ordinance or resolution proposing each contract is approved by a two-thirds vote of the governing body of each jurisdiction that is a party to the contract.

(c) Notwithstanding subdivision (a), counties, cities and counties, cities, and any other local government entities, including school districts and community college districts, that are parties to a Community Strategic Action Plan adopted pursuant to Article XI A may enter into contracts to apportion between and among them the revenue they receive from ad valorem property taxes allocated to them, if the ordinance or resolution proposing each contract is approved by a two-thirds vote of the governing body of each jurisdiction that is a party to the contract. Contracts entered into pursuant to this section shall be consistent with each participating entity’s budget adopted in accordance with Section 1 of Article XI A.

Sec. 9. Chapter 6 (commencing with Section 55770) is added to Part 2 of Division 2 of Title 5 of the Government Code, to read:

Chapter 6. Community Strategic Action Plans

55750. (a) Notwithstanding Section 7101 of the Revenue and Taxation Code or any other provision of law, beginning in the 2013–14 fiscal year, the amount of revenues, net of refunds, collected pursuant to Section 6051 of the Revenue and Taxation Code and attributable to a rate of 0.035 percent shall be deposited in the State Treasury to the credit of the Performance and Accountability Trust Fund, as established pursuant to Section 4 of Article XI A of the California Constitution, and shall be used exclusively for the purposes for which that fund is created.

(b) To the extent that the Legislature reduces the sales tax base and that reduction results in less revenue to the Performance and Accountability Trust Fund than the fund received in the 2013–14 fiscal year, the Controller shall transfer from the General Fund to the Performance and Accountability Trust Fund an amount that when added to the revenues received by the Performance and Accountability Trust Fund in that fiscal year equals the amount of revenue received by the fund in the 2013–14 fiscal year.

55751. (a) Notwithstanding Section 7101 of the Revenue and Taxation Code or any other provision of law, beginning in the 2013–14 fiscal year, the amount of revenues, net of refunds, collected pursuant to Section 6201 of the Revenue and Taxation Code and attributable to a rate of 0.035 percent shall be deposited in the State Treasury to the credit of the Performance and Accountability Trust Fund, as established pursuant to Section 4 of Article XI A of the California Constitution, and shall be used exclusively for the purposes for which that fund is created.

(b) To the extent that the Legislature reduces the use tax base and that reduction results in less revenue to the Performance and Accountability Trust Fund than the fund received in the 2013–14 fiscal year, the Controller shall transfer from the General Fund to the Performance and Accountability Trust Fund an amount that when added to the revenues received by the Performance and Accountability Trust Fund in that fiscal year equals the amount of revenue received by the fund in the 2013–14 fiscal year.

55752. (a) In the 2014–15 fiscal year and every subsequent fiscal year, the Controller shall distribute funds in the Performance and Accountability Trust Fund established pursuant to Section 4 of Article XI A of the California Constitution to each county that has adopted a Community Strategic Action Plan that is in effect on or before June 30 of the preceding fiscal year, and that has submitted its Action Plan to...
the Controller for the purpose of requesting funding under this section. The distribution shall be made in the first quarter of the fiscal year. Of the total amount available for distribution from the Performance and Accountability Trust Fund in a fiscal year, the Controller shall apportion to each county Performance and Accountability Trust Fund, which is hereby established, to assist in funding its Action Plan, a percentage equal to the percentage computed for that county under subdivision (c).

(b) As used in this section, the population served by a Community Strategic Action Plan is the population of the geographic area that is the sum of the population of all of the participating local government entities, provided that a resident served by one or more local government entities shall be counted only once. The Action Plan shall include a calculation of the population of the geographic area served by the Action Plan, according to the most recent Department of Finance demographic data.

(c) The Controller shall determine the population served by each county’s Action Plan as a percentage of the total population computed for all of the Action Plans that are eligible for funding pursuant to subdivision (a).

(d) The funds provided pursuant to Section 4 of Article XI A of the California Constitution and this chapter represent in part ongoing savings that accrue to the state that are attributable to the 2011 realignment and to the measure that added this section. Four years following the first allocation of funds pursuant to this section, the Legislative Analyst’s Office shall assess the fiscal impact of the Action Plans and the extent to which the plans have improved the efficiency and effectiveness of service delivery or reduced the demand for state-funded services.

SEC. 10. Section 42246 is added to the Education Code, to read:

42246. Funds contributed or received by a school district pursuant to its participation in a Community Strategic Action Plan authorized by Article XI A of the California Constitution shall not be considered in calculating the state’s portion of the district’s revenue limit under Section 42238 or any successor statute.

SEC. 11. Section 9145 is added to the Government Code, to read:

9145. For the purposes of Sections 9.5 and 12 of Article IV of the California Constitution, the following definitions shall apply:

(a) “Expand the scope of an existing state program or agency” does not include any of the following:

(1) Restoring funding to an agency or program that was reduced or eliminated in any fiscal year subsequent to the 2008–09 fiscal year to balance the budget or address a forecasted deficit.

(2) Increases in state funding for a program or agency to fund its existing statutory responsibilities, including increases in the cost of living or workload, and any increase authorized by a memorandum of understanding approved by the Legislature.

(3) Growth in state funding for a program or agency as required by federal law or a law that is in effect as of the effective date of the measure adding this section.

(4) Funding to cover one-time expenditures for a state program or agency, as so identified in the statute that appropriates the funding.

(5) Funding for a requirement described in paragraph (5) of subdivision (b) of Section 6 of Article XIII B of the California Constitution.

(b) “State costs” do not include costs incurred for the payment of principal or interest on a state general obligation bond.

(c) “Additional revenue” includes, but is not limited to, revenue to the state that results from specific changes made by federal or state law and that the state agency responsible for collecting the revenue has quantified and determined to be a sustained increase.

SEC. 12. Section 11802 is added to the Government Code, to read:

11802. No later than June 30, 2013, the Governor shall, after consultation with state employees and other interested parties, submit to the Legislature a plan to implement the performance-based budgeting provisions of Section 12 of Article IV of the California Constitution. The plan shall be fully implemented in the 2015–16 fiscal year and in each subsequent fiscal year.

SEC. 13. Section 13308.03 is added to the Government Code, to read:

13308.03. In addition to the requirements set forth in Section 13308, the Director of Finance shall:

(a) By May 15 of each year, submit to the Legislature and make available to the public updated projections of state revenue and state expenditures for the budget year and the succeeding fiscal year either as proposed in the budget bill pending in one or both houses of the Legislature or as appropriated in the enacted budget bill, as applicable.

(b) Immediately prior to passage of the biennial budget, or any supplemental budget, by the Legislature, submit to the Legislature a statement of total revenues and total expenditures for the budget year and the succeeding fiscal year, which shall be incorporated into the budget bill.

(c) By November 30 of each year, submit a fiscal update containing actual year-to-date revenues and expenditures for the current year compared to the revenues and expenditures set forth in the adopted budget to the Legislature. This requirement may be satisfied by the publication of the Fiscal Outlook Report by the Legislative Analyst’s Office.

SEC. 14. Amendment

The statutory provisions of this measure may be amended solely to further the purposes of this measure by a bill approved by a two-thirds vote of the Members of each house of the Legislature and signed by the Governor.

SEC. 15. Severability

If any of the provisions of this measure or the applicability of any provision of this measure to any person or circumstances shall be found to be unconstitutional or otherwise invalid, that finding shall not affect the remaining provisions or applications of this measure to other persons or circumstances, and to that extent the provisions of this measure are deemed to be severable.
TEXT OF PROPOSED LAWS

SEC. 16. Effective Date
Sections 4, 5, and 6 of this Act shall become operative on the first Monday of December in 2014. Unless otherwise specified in the Act, the other sections of the act shall become operative the day after the election at which the act is adopted.

SEC. 17. Legislative Counsel
(a) The people find and declare that the amendments proposed by this measure to Section 12 of Article IV of the California Constitution are consistent with the amendments to Section 12 of Article IV of the California Constitution proposed by Assembly Constitutional Amendment No. 4 of the 2009–10 Regular Session (Res. Ch. 174, Stats. 2010) (hereafter ACA 4), which will appear on the statewide general election ballot of November 4, 2014.

(b) For purposes of the Legislative Counsel’s preparation and proofreading of the text of ACA 4 pursuant to Sections 9086 and 9091 of the Elections Code, and Sections 88002 and 88005.5 of the Government Code, the existing provisions of Section 12 of Article IV of the California Constitution shall be deemed to be the provisions of that section as amended by this measure. The Legislative Counsel shall prepare and proofread the text of ACA 4, accordingly, to distinguish the changes proposed by ACA 4 to Section 12 of Article IV of the California Constitution from the provisions of Section 12 of Article IV of the California Constitution as amended by this measure. The Secretary of State shall place the complete text of ACA 4, as prepared and proofread by the Legislative Counsel pursuant to this section, in the ballot pamphlet for the statewide general election ballot of November 4, 2014.

PROPOSITION 32

This initiative measure is submitted to the people in accordance with the provisions of Section 8 of Article II of the California Constitution. This initiative measure adds sections to the Government Code; therefore, new provisions proposed to be added are printed in italic type to indicate that they are new.

PROPOSED LAW

SECTION 1. Title, Findings, and Declaration of Purpose
A. Special interests have too much power over government. Every year, corporations and unions contribute millions of dollars to politicians, and the public interest is buried beneath the mountain of special-interest spending.

B. Yet, for many years, California’s government has failed its people. Our state is billions of dollars in debt and many local governments are on the verge of bankruptcy. Too often politicians ignore the public’s need in favor of the narrow special interests of corporations, labor unions, and government contractors who make contributions to their campaigns.

C. These contributions yield special tax breaks and public contracts for big business, costly government programs that enrich private labor unions, and unsustainable pensions, benefits, and salaries for public employee union members, all at the expense of California taxpayers.

D. Even contribution limits in some jurisdictions have not slowed the flow of corporate and union political money into the political process. So much of the money overwhelming California’s politics starts as automatic deductions from workers’ paychecks. Corporate employers and unions often pressure, sometimes subtly and sometimes overtly, workers to give up a portion of their paycheck to support the political objectives of the corporation or union. Their purpose is to amass millions of dollars to gain influence with our elected leaders without any regard for the political views of the employees who provide the money.

E. For these reasons, and in order to curb actual corruption and the appearance of corruption of our government by corporate and labor union contributions, the people of the State of California hereby enact the Stop Special Interest Money Now Act in order to:

1. Ban both corporate and labor union contributions to candidates;
2. Prohibit government contractors from contributing money to government officials who award them contracts;
3. Prohibit corporations and labor unions from collecting political funds from employees and union members using the inherently coercive means of payroll deduction; and
4. Make all employee political contributions by any other means strictly voluntary.

SEC. 2. The Stop Special Interest Money Now Act
A. Section 1.5 (commencing with Section 85150) is added to Chapter 5 of Title 9 of the Government Code, to read:

Article 1.5. The Stop Special Interest Money Now Act
85150. (a) Notwithstanding any other provision of law and this title, no corporation, labor union, or public employee labor union shall make a contribution to any candidate, candidate controlled committee; or to any other committee, including a political party committee, if such funds will be used to make contributions to any candidate or candidate controlled committee.

(b) Notwithstanding any other provision of law and this title, no government contractor, or committee sponsored by a government contractor, shall make a contribution to any elected officer or committee controlled by any elected officer if such elected officer makes, participates in making, or in any way attempts to use his or her official position to influence the granting, letting, or awarding of a public contract to the government contractor during the period in which the decision to grant, let, or award the contract is to be made and during the term of the contract.

85151. (a) Notwithstanding any other provision of law and this title, no corporation, labor union, public employee labor union, government contractor, or government employer shall deduct from an employee’s wages, earnings, or compensation any amount of money to be used for political purposes.

(b) This section shall not be construed to prohibit an employee from making voluntary contributions to a sponsored committee of his or her employer, labor union, or public employee labor union in any manner, other than that which is prohibited by subdivision (a), so long as all such contributions are given with that employee’s written consent, which consent shall be effective for no more than one year.

(c) This section shall not apply to deductions for retirement.
