Re: Wild and Scenic Rivers. Initiative.
Stanislaus River Protection Act of 1974

Dear Mr. Brown:

Pursuant to the provisions of section 3507 of the Elections Code, you are hereby informed that on this day we mailed to Mr. Richard Sunderland, as proponent, the following title and summary:

WILD AND SCENIC RIVERS. INITIATIVE.
Amends Public Resources Code to designate specified portions of the main stem of the Stanislaus River as components of the California Wild and Scenic Rivers System. Prohibits construction or operation of flood control structure which would substantially diminish the public use or enjoyment of the specified portions of the river. Does not prohibit structural or nonstructural measures necessary for flood protection provided that such measures would adversely affect those designated portions of the river only for necessary temporary flood storage. Allows Legislature to amend measure by two thirds vote.

Enclosed herewith is a declaration of mailing thereof, and a copy of the proposed measure.

Very truly yours,

EVELLE J. YOUNGER
Attorney General

Honorable Evelle Younger
Attorney General of California

January 13, 1974

Dear General Younger:

As a registered voter in California, I hereby request you to prepare a title and summary of the chief purpose and points of the enclosed proposed initiative measure. I have enclosed a certified check in the amount of \$200, payable to the State of California, as required by law.

To the Honorable Secretary of State of California

I, the undersigned, registered, qualified elector of California, resident of San Mateo County, hereby propose amendments to the Public Resources Code, relating to the Wild and Scenic Rivers Act and petition the Secretary of State to submit the same to the electors of California for their adoption or rejection at the next succeeding general election or at any special statewide election held prior to that general election or otherwise provided by law. The proposed statutory amendments (full title and text of the measure) read as follows:

An act to add new sections 5093.66, 5093.67, 5093.68, and 5093.69 to Chapter 1.4, Division 5, Public Resources Code of the State of California.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

STANISLAUS RIVER PROTECTION ACT OF 1974

Section 1. The people of the State of California do hereby find and declare that the Stanislaus River between Camp Nine and Parrot's Ferry Bridge is a unique and extraordinary river resource, possessing unusual and valuable caves and geological formations, the State's most heavily used whitewater boating area, spectacular limestone cliffs, and an important trout fishery. For these reasons the State Water Resources Control Board has declared the Stanislaus River to be "a unique asset to the state and the nation".

The Stanislaus River from Goodwin Dam to the junction of the San Joaquin River is an outstanding example of a Central Valley river, possessing large expanses of riparian habitat, valuable canoeing waters, many historical sites, and a noteworthy salmon fishery. It is one of a very few such rivers remaining in California.

Section 2. Sections 5093.66, 5093.67, 5093.68, and 5093.69 are added to Chapter 1.4 of Division 5 of the Public Resources Code, to read:

5093.66 The following rivers are hereby designated as components of the California Wild and Scenic Rivers System: main stem of the Stanislaus River from the bridge at Camp Nine to the Parrot's Ferry Bridge; and main stem of the Stanislaus River from 100 yards below Goodwin Dam to the junction of the San Joaquin River.

5093.67 Nothing in this chapter shall be construed to prohibit any measures for flood protection, structural or nonstructural, necessary for the protection of lives and property along the Stanislaus River; provided, however, that the Secretary of the Resources Agency shall insure that such measures will adversely affect those portions of the Stanislaus River designated in section 5093.66 only when necessary to provide temporary flood storage.

5093.68 No flood control structure on the Stanislaus River shall be built or operated in such a manner as to substantially diminish the public use and enjoyment of the portions of the Stanislaus River designated in section 5093.66.

5093.69 If it deems it necessary, the legislature may amend sections 5093.66 to 5093.68 of this act by a two thirds vote.
